+ Ronin

The attacker used **hacked private keys** in order to forge fake withdrawals, bridge has been exploited for 173,600 Ethereum and 25.5M USDC.

+ Badger

The hackers were able to obtain access to the Badger app's website and **inject malicious javascript code**. This code generated rogue transaction approvals for $120M total

+ Coincheck

The stolen NEM were held on an **internet-connected hot wallet** rather than an offline cold wallet

+ Nomad

The hack was made possible by a **poorly managed change** in their contracts, resulting in the Nomad bridge being exploited for aprox. $190 million

+ Cream

The **flash loan attack** happened on CreamFinance for the second time. Funds were stolen for a total of 130,000,000 $USD.
